STATE OF WAR WITH GERMANY IS DECLARED

Washington D. C., April 6—(Associated Press Dispatch).—President Wilson at 1:11 o'clock today signed the resolution of Congress declaring a state of war between the United States and Germany. All the naval militia and naval reserves were called to the colors when the President signed the war resolution.

THE UNITED STATES ENTERS WORLD WAR

President Wilson Issues Momentous War Proclamation Defining Rights of Alien Enemies and Duties of American Citizens in the Trying Times To Come.

WHOLE NATION ABLAZE WITH PATRIOTISM-- FROM EVERY BRANCH OF ACTIVITY COME PROFESSORS OF AID AND SERVICES TO THE PRESIDENT.

Preparations Go Rapidly Forward in Mobilizing Forces and Resources of the Country. Nation Will Throw Tremendous Weight in Scale Against War-Mad Prussian War Lords.

(By Associated Press)

With the proclamation of a state of war between the United States and Germany on the verge of issuance, the probability of other American nations joining this Republic in hostilities is pointed to in today's dispatches.

Brazil, according to advices from South America, is trembling on the brink of war with Germany.

A German submarine has sunk the Brazilian steamer Paranna, with the loss of three members of her crew.

Anti-German feeling in Rio Janeiro, as a consequence, is reported intense, and the talk of a speedy declaration of war is heard in responsible circles.

The little republic of Cuba is another American nation likely to enter the war, following the action of the United States.

Havana dispatches forecast the probability of such action on the part of the Cuban Government.

Appeals for American expert advice and other assistance in prosecuting the war are coming from some of the present European belligerents.

Reports from Russia indicate that an American commission of national character would be welcome there, to help in financing munitions and transportation operations.

It likewise is welcoming American co-operation, and hope is expressed there of help from the United States in the way of credit, food, and increase in methods of ocean transportation.

In the field of military operations, the French have made further progress in one sector of the present battle front.

In the separate engagement that has been in progress northwest of Rethms, additional trenches that the Germans were able to retain in their recent attack in force have been wrested from them by General Nivelle's troops.

PRESIDENT'S WAR PROCLAMATION

Washington, April 6.—(Associated Press Dispatch).—The war proclamation issued by President Wilson follows:

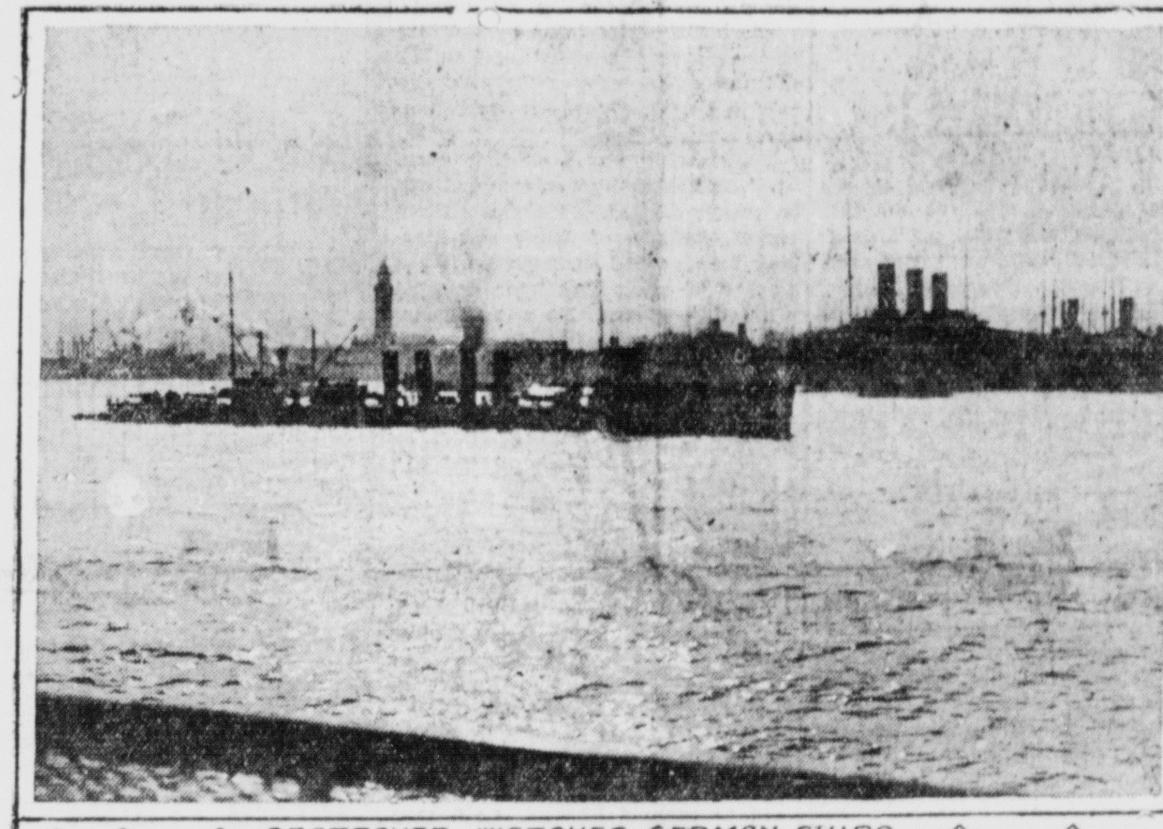

"Whereas the Congress of the United States in the exercise of the constitutional authority vested in them have resolved by joint resolution of the Senate and House of Representatives bearing date of this day; That a state of war between the United States and the Imperial German Government which has been thrust upon the United States is hereby formally declared. Whereas it is provided by Section 4,067 of the revised statutes as follows:

Whenever there is declared a war between the United States and any foreign nation or government or any invasion of predatory incursions is perpetrated attempted or threatened against the territory of the United States by any foreign nation or government and the President makes public proclamation of the event all natives, citizens or subjects of a hostile nation or government being male of the age of 14 years and upwards who shall be within the United States and not actually naturalized shall be liable to be apprehended, restrained, secured and removed as alien enemies. The President is authorized in any such event by his power thereof or other public acts to direct the conduct to be observed on the part of the United States towards the aliens who become so liable; The manner and degree of the restraint to which they shall be subject and in what cases and upon what security their residence shall be permitted and to provide for the removal of those who, not being permitted to reside within the United States, refuse or neglect to depart therefrom; and to establish any such regulations which are found necessary in the premises and for the public safety.

Whereas by sections 4,068, 4,069 and 4,070 of the revised statutes further revision is made relative to alien enemies.

NOW THEREFORE, I, WOODROW WILSON, PRESIDENT OF THE

BY DAY AND NIGHT THE DESTROYERS ARE WATCHING
GERMAN SHIPS TIED UP IN UNITED STATES PORTS

DESTROYER WATCHES GERMAN SHIPS

It was asserted that formal orders to seize German and Austrian ships now tied up in American harbors would be issued after a declaration of war.

More than 500 federal agents are watching the ships in Hoboken, N. J., those at the foot of West 135 street, New York, and the few anchored or berthed in lower New York bay, in

Brooklyn and in Newark bay. About 1,800 seamen, engineers, firemen, oilers, stewards and bandsmen are now on the German and Austrian ships, in addition to about 200 officers.

These men are not detained on board, but are remaining there of their own accord, but any considerable exodus would result in immediate investigation by secret service agents. No civilian is permitted to

visit either the ships or pier reservations which are under lease to German steamship companies.

The ships of the Teuton fleet vary in importance from the giant Vaterland of 54,282 tons to the Matador, a bark of 1,462 tons.

The ships are watched day and night by United States torpedo boat destroyers, as is shown in the accompanying picture.

At various times there have been reports that the machinery and boilers have been wrecked by their German crews, but of this there has been no official confirmation.

ALL GERMAN VESSELS IN U. S. PORTS SEIZED

By Associated Press Dispatch.

New York, April 6.—The seizure of German merchant vessels that took refuge in Atlantic ports at the beginning of the war, began this morning almost immediately after Congress passed the resolution declaring a state of war between the United States and Germany.

The collector of the port at Boston was the first to act. The Federal officials at New London, Conn., Baltimore and New York quickly followed. Before daylight United States deputy marshals were in charge of German vessels at nearly all Atlantic seaports ranging in size from the Majestic Vaterland of 54,282 tons gross to small sailing vessels.

The port officer acted on orders issued by the Secretary of the Treasury. It is understood that this move does not involve confiscation, and that the vessels are held for the present as a measure of safety.

There has been no announcement as to whether the Government shall

take over the ships for their use and pay for them after the war. German vessels now in American ports number 91 with a gross tonnage of about 600,000. This includes 23 ships at the Philippine Islands, eleven at Honolulu and one at Pago Pago, a port of the Pacific Islands.

There are twenty-seven German ships at New York, three at Baltimore, two at Philadelphia, three at San Francisco, two at South Porta, N. C.; two at Astoria, Oregon; one at Portland, Oregon; Winloe, Washington; Seattle, Norfolk, Savannah, Charleston, Jacksonville and San Juan, Porto Rico.

The ships lying at their slips at the Hamburg American and North German Lloyd at New York and Hoboken include some of the flower of the German merchant marine.

The Vaterland, one of the largest vessels in the world, is by far the most valuable. Next in size is the George Washington, 25,570 tons.

Others of more than 15,000 tons are the President Grant, President Lincoln, and Kaiser Wilhelm II. Four Austrian steamships, also, are tied up

Washington, April 6.—Allied warships patrolling the Atlantic coast will be withdrawn and many will be sent to the European battle fleets, now that German merchant ships in American ports have been taken over and there is no possibility of their slipping to sea as commerce raiders.

PRESIDENT GIVEN \$100,000,000 TO USE AT HIS OWN DISCRETION

Washington, April 6.—(Associated Press Dispatch)—Appropriation of \$100,000,000 for an emergency war fund to be used at the President's discretion similar to the \$50,000,000 fund given President McKinley for prosecuting the Spanish war was attached today by the Senate Appropriation Committee to the general deficiency bill.

The appropriation committee also increased the Department of Justice fund for the prosecution of crime and also that of the secret service.

The \$100,000,000 given the President is "for the national security and defense and for each and every purpose" and is to be expended "at the discretion of the President and is made available at once to remain available until December 31, 1917. The bill now carries a total of \$164,853,000.

further supported today by advices to the Government from Europe.

The full nature of the Government's information is not disclosed.

It was reported at the source of origin of the Government's information that more than a score of German submarines were already in Mexican waters.

There is no doubt here that if the U-boats are in the gulf, they are being supplied from Mexican shore bases.

Those who hold these views are also convinced that something closely approaches the arrangement proposed by Foreign Minister Zimmerman in his celebrated communication, intended for General Carranza, have been achieved.

ASBURY PARK IS SWEPT BY GREAT FIRE

By Associated Press Dispatch.

Asbury Park, New Jersey, April 6.—Four city blocks in the heart of the hotel district fronting on the beach were swept by fire early today, with the loss of about \$800,000.

More than a score of hotels and boarding houses were demolished.

The only buildings that remained standing this morning in a district bounded by Ocean Avenue and the Board Walk on the east, Grand Avenue on the west, and First and Second Avenues on the south and north, were four dwellings.

The fire began at 11 p. m. in the Natatorium, which enclosed a big swimming pool, and quickly spread beyond the control of the local fire department.

It was attributed to defective electric wiring. Most of the hotels were closed, and no loss of life has been reported.

Eight bathers in the Natatorium pool when the fire broke out escaped in their bathing suits.

Driven by a strong northeast gale, the flames spread so fast that dynamite was resorted to, and two hotels were blown up. Help was summoned from adjoining towns.

The fire was brought under control about 3:30 a. m. when the ruins were still burning fiercely.

Among the buildings destroyed were the quarters of the Young Woman's Christian Association, the Methodist church, and the following hotels: Winthrop, Southern, Carlton, Grand Central, Ormonde, Devonport Inn, Surf House, Regina and Ardsley; also several smaller hotels and boarding houses and dwellings.

34 TRAPPED IN COAL MINE

By Associated Press Dispatch.

Fernie, British Columbia, April 6.—Thirty-four men are believed to be trapped in Mine No. 3 at Coal Creek, near here, as the result of explosions in Mines No. 2 and 3 late last night.

All but two men were rescued alive from Mine No. 2 by prompt work. Two bodies, badly mutilated, have been recovered.

A rescue train carrying physicians and mine officials was sent from here.

The Sundry Civil bill, held up at the last session of Congress, was taken up and passed this week, and included in the bill was an appropriation of \$57,000 for erecting the building in this city.

The Sundry Civil bill, held up at the last session of Congress, was taken up and passed this week, and included in the bill was an appropriation of \$57,000 for erecting the building in this city.

Postmaster Sherman A. Murry and Hon. J. D. Post, while in Washington, D. C., this week, made inquiry into the matter and learned that a call for bids had been made for April 13, and it is expected that the bids will result in the early letting of a contract for erecting the structure.

Postmaster Murry stated that five or six weeks from the date of receiving the bids the contract would probably be awarded and the work of erecting the building could then be taken up at any time.

Mrs. Manning had been called home from a visit in Cincinnati and the only son, Mr. Howard J. Manning, of Columbus, both reaching here in time to join the only daughter, Mrs. Harry Sprenger, for the last hours.

The home is desolated by the loss of the devoted husband and father and the entire community sympathizes in the family shock and sorrow.

Mr. Manning was a sterling man, who was held in high esteem and will be greatly missed. He was a member of the firm of Jenny and Manning foundry and machine Co. for a number of years and later engaged in retail business. He was 67 years of age.

Funeral services will be held at the residence on Sycamore street Saturday at 2:30 p. m. The interment will be made in the Washington cemetery.

A motion to have the dam removed was made and after some discussion was postponed until the report of the State Board of Health on the analysis of the city water, is received, after which action of some kind will be taken.

If the water is found to be contaminated, even in a small degree, the State Board of Health will probably order the removal of the dam, and if not, then the local board will act.

The lack of funds for conducting the work of the Health Board, and meeting bills promptly, was discussed during the session.

For the past thirty-five years Mr. Willson has filled this office with the utmost efficiency and devotion and it was richly due him that a rising vote of thanks was tendered him for these years of faithful service.

The vote of thanks followed an appreciative little speech made by Mr. Elmer Klever.

The yearly reports of the church were received and were excellent.

The church member ship has reached the high water mark of \$10.

As if to afford greater contrast to the dull cold spring the Easter display of the Buclo Floral Gardens in charge of Florist Jensen, surpassed all their superb displays of the past.

The show room of the Washington Auto Co. are transformer into a wonderful conservatory, a riot of bloom and fragrance that dispelled all outside gloom.

It seems impossible that the display could excel former ones but the throng of visitors agreed it was so.

One man from Columbus said, "It is a revelation to me. I had no idea there were such flowers grown in this part of the country." Florist Jensen answered, "you can't miss them."

IN SOCIAL CIRCLES

The yearly meeting of the Federated Clubs, the first anniversary, was held Thursday afternoon, with Miss Anna Gardner representing the President and Mrs. H. L. Stitt, in the chair. The officers elected were President, Mrs. D. H. Hitchcock; Vice-President, Mrs. Josephine Kerr; Secretary, Miss Mary Howat; Treasurer, Miss Flora Wood. The Federated Board is composed of the presidents of the clubs, Miss Gardner of the Cecilians, Mrs. Coffman of the Browning, and the Regent of the Daughters of the American Revolution. Mrs. Wood, and acting with the officers of the Selection and the Finance Committee, which will be appointed by the new president.

Miss Hitchcock made a bright little speech accepting her new office and Mrs. Kerr talked briefly along the lines of women's activities and uses.

Miss Gardner presented the question of preparedness and its call to all women, and the claims of the Red Cross Society and the Women's League, a remarkable organization, product of this year and its needs. The National League for women is organized in Washington, D. C. with the purpose of working in connection with the Council of Defense of the Red Cross Society, co-ordinating the women power of the Army in preparedness work. It is agreed that the Women's League is easily handled with less formality than the Red Cross, although both are in perfect harmony.

Miss Gardner was authorized to go to Miss Grace Jones, Ohio State worker of the Women's League, and that she present the work of the League before the Federated Clubs of Washington. The date of talk will be announced later.

H. C. Conwell entertained the W. B. Society of the Christian Church Wednesday afternoon. There were fifteen ladies present and enjoyed the afternoon's program, although it was necessary to shorten the hour as Mrs. Conwell was called to the city.

It was an interesting meeting and a general report was read from the members. Mrs. Jasper Blackmore gave a reading "Why Didn't You Let Me Know?" Mrs. C. O. Deer presented an interesting paper on "Mexico." Light refreshments were served; Frank Morris assisted in the afternoon's hospitalities.

Willard Willis gave a charming three-table Bridge, Friday afternoon complimenting Miss Myrtle Day, who is home from South Bend, Ind., for the Spring vacation. Mrs. Byron Gifford of Grand Rapids, Mich. decorations were artistically employed.

Mr. Valentine Hoppes extended hospitality of her home to the entire Tuttle Sisterhood for a delightful Kensington, Wednesday evening. Visiting Mrs. Hoppes were Messrs. John Bryant, Jessie Roseboom, Mr. Elliot, Jesse Hyer, Misses Alta Berger and Anna Passmore. Many members were in attendance.

The Bird Chorus

One of our observing citizens remarked a few days ago that, in his opinion, every robin that left last fall was back again this spring and had brought with him from the southland all of his relatives. It looks that way too.

We have never had so many robins in this section at this time of year. Even the old inhabitants admit that.

The increase in the bird population is not confined to the robin family either. The blue jays, the "red birds" the song sparrows, the larks, the doves, the black birds, the cat birds and all show marked increases to the enumerators and bird lovers.

The morning and evening choruses are wonderful. When the first faint glow of coming day appears in the east in the morning the grand chorus is opened by the robins. Faintly at first following the advancing day the soloists begin gradually increasing the pitch as courage comes with the advancing light. One by one the feathered songsters join in until every bird voice and every note is included even to the black birds discordant tone, the whole, one grand glorious medley of natures music.

At evening the chorus again rolls forth in full volume bidding adieu to the sinking sun. One by one the singers drop out but long after the sun has sunk beyond the western horizon and darkness has settled down upon the earth only the cheery robin is left to sing the last farewell. First to greet the coming day and last to bid it farewell at night the robin is the most prominent of the bird singers. No wonder he is popular and no wonder, that while the numbers increase the robin never becomes common.

He is the leader of the bird chorus and he never has any engagements which he allows to interfere with his work.

Equal to the Occasion

Henry Cabot Lodge is one of the United States Senators who has proven his splendid worth and ability to rise to the needs of the occasion as conspicuously as some other senators failed when the test came.

The Massachusetts senator, on Monday stretched forth his good right arm twice making history and expressing American sentiment both times.

First when he swung that good right arm to fell an insulting pacifist to the floor and later on in the day when he grasped, in congratulation, the hand of the chief executive at the conclusion of the memorable address to Congress on Monday night.

Now Senator Lodge has increased his deserved popularity with the American people, by suggesting that the interned German steamships be taken over by the United States as part payment of the injuries the Imperial German Government has caused by its destruction of American ships in the "ruthless" submarine campaign.

Why not?

The suggestion seems to be sound from every view point.

Senator Lodge has conclusively demonstrated that he will be, in the crises to comes, one of the towering men of patriotism and ability, whose services to the nation will be almost beyond estimation.

He has become the man of the hour in the legislative halls of the nation and the aid and supporter of the president in the hour of trial.

Honesty in Business

In the these times the people are demanding prohibition as a business requisite pure and simple. The battle against booze is no longer waged on the moral line. Men who indulge in the use of alcoholic stimulants are regarded as below par, physically and mentally, and therefore of lower efficiency than the men who abstain from the use of intoxicants. Consequently the opportunity for employment is less for the man who drinks.

Those facts, however, have become so well understood that they no longer need be restated.

Honesty in business is no longer regarded as a matter of morals only. It, too, is a business proposition.

Honesty is the best policy is an old maxim but there are yet a few people, unfortunately who cling to the mistaken idea that they can found a business on a dishonest basis and conduct it on shady principles and "get by" with it.

They can't. Experience—the experience of failure—inevitably teaches them their error.

Common honesty in business is as requisite as abstinence from the use of intoxicating liquors.

Neither dishonesty nor booze can be taken into partnership in any business without disaster coming.

Start honestly and stay straight is the only rule upon which a successful business can be founded and conducted.

Poetry For Today

BUGLE CALL.

Send forth the call, send forth the cry
To rouse the land that slept so fast,
And press the foe to left and right,
With sweep of sword and arm of might.

Until the goal is won at last,
For such a cause we dare to die.

Send forth your men, your country calls,

Send forth the flower of your land
That from the South and East and West
War's fever will not let them rest.

And all the world may understand
That servile peace each freeman galls.

Send forth your prayers, ye women folk.

Who wage a war at home as well—
Tilling the soil, serving each need,
Caring for those whose bodies bleed.

From foemen's blows who never sell
Themselves nor wear a traitor's yoke.

Send forth the call, send forth the cry
And write your purpose high in flame.

Our men and women, children, all
From the wild ocean plead and call

And beat their breasts from very shame.

Can we, the living, pass them by?

HEAR ADDRESS OF
PRESIDENT WILSON

Hon. J. D. Post, Postmaster Sherman A. Murry and Robert Rodgers returned home Thursday evening from a several days' visit in Washington, D. C., and were fortunate in being able to hear President Wilson deliver his memorable address urging the Congress to declare a state of war with Germany.

Being a former Congressman, Mr. Post was entitled to the floor and admission. Postmaster Murry, by reason of holding a position in the capitol building during Mr. Post's term in office, was able to obtain admittance, and Mr. Rodgers had no difficulty in obtaining a ticket to the joint session.

The appearance of President Wilson before the joint session was greeted by wild applause, and several times during the delivery of his memorable address he was interrupted by the cheering throngs which packed

SON GRADUATES AT WEST POINT; PARENTS ATTEND

Mr. and Mrs. A. C. Nisley, of Jasper Township, Leave Today to Attend Graduation of Son, Harold A. Nisley—Is Second Graduate From Fayette.

Mr. and Mrs. A. C. Nisley, of Jasper Township, left Friday morning for West Point Military Academy to attend the graduation exercises of their son, Harold A. Nisley, who for the past four years has been a cadet at West Point.

The class this year will graduate Monday, April 9th, instead of in June as would have been the case had the war with Germany not developed. The date of graduation was advanced in order that the large class of graduates may be given a position at the head of troops which will be raised in the near future so that Mr. Nisley will not return home at the

present time, but step into active Government service.

So far as known Mr. Nisley is the second Fayette countian to graduate at West Point, the first graduate being Fred Ogle, who finished his training and graduated in 1879 or 1880. He has been dead many years.

Mr. and Mrs. Nisley are justly proud of their son's achievement, and the pride is shared by a host of friends.

Young Nisley is an appointee of former Congressman J. D. Post, and stands high in his class.

PRESIDENT'S WAR PROCLAMATION

(Continued from Page One.)

UNITED STATES OF AMERICA, DO HEREBY PROCLAIM TO ALL WHOM IT MAY CONCERN THAT A STATE OF WAR EXISTS BETWEEN THE UNITED STATES AND THE IMPERIAL GERMAN GOVERNMENT and I do specially direct all officers civil or military of the United States that they exercise vigilance and zeal in the discharge of the duties incident to such a state of war and I do moreover earnestly appeal to all American citizens that they in loyal devotion to their country dedicated from its foundation to the principles of liberty and justice uphold the laws on the land and give undivided and willing support to those measures which may be adopted by the constitutional authorities in prosecuting the war to a successful issue and in obtaining a secure and just peace. And acting under and by virtue of the authority vested in me by the constitution of the United States and the said sections of the revised statutes, I do hereby further proclaim and direct that the conduct to be observed on the part of the United States towards all natives, citizens or subject of Germany, being male of the age of 14 years and upwards who shall be within the United States and not actually naturalized who for the purpose of this proclamation and under such sections of the revised statutes are termed alien enemies shall be as follows: All alien enemies are enjoined to preserve the peace toward the United States and to refrain from crime against the public safety and from violating the laws of the United States and of the states and territories thereof and to refrain from actual hostility or giving information, aid or comfort to the enemies of the United States and to comply strictly with the regulations which hereby or which may be from time to time promulgated by the President and so long as they shall conduct themselves in accordance with law they shall be undisturbed in their peaceful pursuit of their lives and occupation and be accorded the consideration due to all peaceful and law abiding persons except so far as restrictions may be necessary for their own protection and for the safety of the United States and toward such alien enemies as conduct themselves in accordance with the law all citizens of the United States are enjoined to preserve the peace and to treat them with all such friendliness as may be compatible with loyalty and allegiance to the United States. And all alien enemies who fail to conduct themselves as so enjoined in addition to all other penalties prescribed by law shall be liable to restraint or to give security or to remove and depart from the United States in the manner prescribed by sections 4,069 and 4,070 of the revised statutes and as prescribed in the regulations duly promulgated by the President. And pursuant to the authority vested in me I hereby declare and establish the following regulations which I find necessary in the premises and for the public safety.

FIRST: An alien enemy shall not have in his possession at any time or place any firearms, weapons or implements of war or component parts thereof, ammunition, maxim or other silencer, arms or explosives or material used in the manufacture of explosives.

SECOND: An alien enemy shall not have in his possession at any time or place or use or operate any aircraft or wireless apparatus or any form of signalling device or any form of cipher code or any paper document or book written or printed in cipher or in which there may be invisible writing.

THIRD: All property in the possession of an alien enemy in violation of the foregoing regulation shall be subject to seizure by the United States.

FOURTH: An alien enemy shall not approach or be found within one-half mile of a any federal or state fort, camp, arsenal, aircraft station, government

or naval vessel, navy yard, factory or workshop for the manufacture of munitions of war or of any products for the use of the army or navy.

FIFTH: An alien enemy shall not write, print or publish any attack or threat against the Government or Congress of the United States or any branch thereof, or against the measures or policy of the United States, or against the persons or property of any person in the military, naval or civil service of the United States, or of the states or territories of the District of Columbia, or of the municipal governments therein.

SIXTH: An alien enemy shall not commune or abet any hostile act against the United States, or give information, aid or comfort to its enemies.

SEVENTH: An alien enemy shall not reside in, or continue to reside in, or enter any locality which the President may from time to time designate by executive order as a prohibitory area, in which residence by an alien enemy shall be found by him to constitute a danger to the public peace and safety of the United States, except by permit from the President and except under such limitations or restrictions as the President may prescribe.

EIGHTH: An alien enemy whom the President shall have reasonable cause to believe to be aiding, or about to aid the enemy, or to be at large to the danger of the public peace or safety of the United States, or to have violated or to be about to violate any of these regulations, shall remove to any location designated by the President by executive order, and shall not remove therefrom without permit, or shall depart from the United States if so required by the President.

NINTH: No alien enemy shall depart from the United States until he shall have received such permit as the President shall prescribe, or except under order of a court judge or justice under sections 4,069 and 4,070 of the revised statutes.

TENTH: No alien enemy shall land in or enter the United States except under such restrictions and at such places as the President may prescribe.

ELEVENTH: If necessary to prevent violation of the regulations, all alien enemies will be obliged to register.

TWELFTH: An alien enemy whom there shall be reasonable cause to believe to be aiding, or about to aid the enemy, or who be at large to the danger of the public peace or safety, or who violates, or who attempts to violate, or of whom there is reasonable grounds to believe that he is about to violate any regulation to be promulgated by the President, or any criminal law of the United States, or of the states or territories thereof, will be subject to summary arrest by the United States, by the United States Marshal, or his deputies, or such other officer as the President shall designate, and to confinement in such penitentiary, prison, jail, military camp, or other place of detention as may be directed by the President.

This proclamation and the regulations herein contained shall extend and apply to all land and water, continental or insular, in any way within the jurisdiction of the United States.

(Signed) "WOODROW WILSON."

By Associated Press Dispatch.

Washington, April 6.—By the signing of the resolution the war which Germany actually has been making on the United States for many months is recognized in official form and the United States thus announces to the world its determination to take up what President Wilson characterized in his address to Congress as Germany's challenge to all the world. Her war against humanity.

The engrossed copy was sent at once to the White House. It was waiting for the President when he returned from a short walk with Mrs. Wilson. The President also signed a proclamation formally declaring a state of war between the United States and Germany. In the proclamation he called upon American citizens to give support to all measures of the government.

The navy department immediately wirelessed or telegraphed all its stations, navy yards and ships as follows:

"The President has signed an act of Congress which declares that a state of war exists between the United States and Germany."

Columbus, O., April 5.—Joe Tinker and his Arkansas-trained Columbus-American Association team candidates returned to Columbus last night.

Today the regulars will play in Delaware but tomorrow in Columbus, they will have their hands full in their first at home exhibition game.

The world's champion Boston Americans will be their opponents. On Saturday the Senators will make a trip to Dayton. They will be back in Columbus for Easter Sunday, and a bumper crowd is expected at Neil Park because the Washington Americans, with Walter Johnson pitching, will be there. The Cleveland Americans, with Tris Speaker as the outstanding star, will perform in Columbus Monday.

D. T. & I. SLEUTH BADLY USED UP

Jess Johnson, D. T. & I. detective, was badly handled by a gang of thugs at Coalton, this week, sustaining a fractured nose and numerous cuts and bruises when attacked with a hatchet and lumps of coal.

The detective was in the act of rounding up a bunch of coal thieves when they attacked him, taking him unawares. Two of the fellows fled the community.

Germans Detained.

Youngstown, O., April 6.—The police arrested two Germans and are holding them until the federal authorities can arrive from Cleveland to interrogate them. They are Charles D. Wein, a designer, and Johann Van Altersburg.

Half-Sole Your Worn Tires

Don't throw them away or sell them to the junkman just because they are tread-worn or rut-worn for we can change them into practically new tires, and you can get 5,000 to 10,000 more miles of service out of them.

International Rubber Half-Sole Tires

Costs 1-3 to 2-3 less than New Tires go right on over your old, worn tires and change them into practically new tires, giving them 5,000 miles without a scratch, most users averaging 5,000 to 10,000 miles. Don't confuse International with "sewed-on," double treads, or other makeshifts—they are not absolutely tight by rim, the inflation pressure is not uniform, the organizing cement is not guaranteed not to heat, creep or slip.

Don't Throw Away Another Worn Tire. Let us show you how you can get 5,000 to 10,000 miles more service and save 1-3 to 2-3 less than new tires. We have cross sections showing the construction and samples of the unusual tough rubber used to make them. Come and get them before your tires are too far gone or you will be forced to buy new tires at much higher cost.

WHEAT CROP IN OHIO IMPROVES; FRUIT DAMAGED

Official Crop Report of More Than Ordinary Interest—Wheat Condition 80 Percent of Average Is Declaration.

The Ohio State Board of Agriculture has issued the crop report for April 1st, and wheat shows a decided improvement over the last report. Following is the report:

Wheat—Condition compared with average, 80 per cent.

Winter Barley—Condition compared with average, 95 per cent.

Rye—Condition compared with average, 83 per cent.

Corn—Condition in crib compared with average, 94 per cent.

Corn—Remaining unhusked in field 8 per cent.

Corn—Damage to unhusked in field, 12 per cent.

Corn—Damage to fodder during winter, 21 per cent.

Fruit—Prospect compared with normal yield 77 per cent.

Buds winter killed 32 per cent.

As stated in previous reports, wheat seeding was very late owing to the continued drouth and on the setting in of winter it was found the plant had not attained strong set and sufficient growth to withstand the rigid winter. However, the winter on the whole was quite favorable. While there was much severe cold weather, and no doubt some killing by being frozen, there was no alternate freezing and thawing to upheave the wheat roots and there was a fair amount of snow protection during the needed periods. The wheat roots remained in the ground, and while the tops did not show early green and strength there may be sufficient root vitality to bring out fields that now are brown and seem winter killed.

On March 1, from general appearance, the wheat condition was estimated at 72 per cent. of an average, but it was believed then that under fair weather conditions an improvement would be shown in the next two months. Conditions have not been unfavorable, and the plant has shown an improvement of eight points, being now reported at 80 per cent. of an average. Wheat that has not been absolutely killed ought now to go rapidly forward and it can very soon be determined that which it will be profitable to plow up.

Corn in the crib is in good condition, with very little complaint of mold. Corn was generally cribbed in excellent condition last Fall, being well dried out. But a small amount of corn remained in the fields over winter, as the open weather permitted husking most of the crop.

The fruit buds winter killed applies most wholly to peaches, plums and cherries, and on these the judgment of correspondents varies somewhat. No doubt there has been some killing of the fruit buds, but the extent cannot be fully determined at this time because conditions vary greatly even in immediate localities.

The labor problem is still a serious one with farmers, as most young men prefer the city shops and factories to farm labor. Experienced farm labor is scarce and wages correspondingly high.

WILL TRY OUT SPRING WHEAT

Mr. Herman Jones is preparing to experiment in the growing of spring wheat in Fayette county, and just as soon as the ground becomes workable will sow three or four acres of spring wheat, having obtained the seed for that purpose.

The result of the experiment will be watched with interest, as so far as known, no recent attempt has been made to grow the wheat in this country.

Some years ago Mr. Jones' uncle, the late Hon. Humphrey Jones, planted some spring wheat, but the Hessian Fly was unusually bad that season and most of the wheat was destroyed, along with the other winter wheat on the Jones farm.

Spring wheat is usually grown in the northern latitudes.

TAXPAYERS' NOTICE!

Under the new tax law just enacted, each person owning or holding personal property of whatever nature is supposed to furnish a list for taxation on blanks furnished for that purpose. The law makes such person his OWN ASSESSOR and as such you are to return taxable property in your possession on the 8th day of April. AT ITS TRUE VALUE IN MONEY.

Each return must be filed out complete and sworn to within fifteen days and delivered to the County Auditor before the first day of May, 1917.

Failure to observe the law penalties apply as follows: The taxpayers lose the exemption as allowed by law and are also subject to a 50 per cent penalty for willful neglect, and for false oath liable to prosecution for perjury.

The taxpayers can materially assist the taxing officials by getting their returns in promptly and by being FAIR WITH THEMSELVES, FAIR WITH THEIR NEIGHBORS, and FAIR WITH THE TAXING OFFICIALS will greatly expedite the work that has been placed on the County Auditor's Office by the operation of the law.

Read and study your blank thoroughly before making entries.

If you have property to list in two or more taxing districts, please fill blank for each district and name same.

If not a merchant or manufacturer, answer questions 6 to 24 by writing "none." All other questions are to be answered in full, as County Auditor IS PROHIBITED FROM RECEIVING RETURN UNTIL SAME IS DONE.

In returning live stock, be sure to state number of animals and value of each class on page 3 and then carry your footings to first page.

Make and Style of Automobiles or Motor Trucks and Year's Model should be given in detail, and whether Touring, Runabout, Limousine, etc.

Household goods, musical instruments, diamonds, jewelry, etc.; likewise grain, hay, wool and other farm products are detailed on page 3 and total values carried to page 1.

Each taxpayer except Executors, Administrators, etc. is allowed an exemption of \$100, however this amount cannot be taken from any particular item, but is deducted from your grand total under item 20, first page, if return is made before May 1st, 1917.

Dogs MUST be listed under items 22 and 23, and if value is given, list under item 18 also.

All other chattels not specifically mentioned, such as thresher outfit, tractors, cream separators, etc., enter under schedule 8, page 3.

Read Carefully the Printed Instructions

HOUSE ADOPTS WAR MEASURE BY 373 TO 50

(By American Press)

Washington, April 6.—By a vote of 373 to 50, the house early today adopted the senate resolution declaring that a state of war exists with Germany.

Prolonged debate preceded the roll-call, many members taking advantage of the opportunity to define their attitude toward the resolution.

"War is being waged upon our country and its people," said Chairman Flood in opening the debate. "Our ships are being sunk. Our non-combatant citizens, including men, women and children, are being murdered, our merchantmen are denied the freedom of the seas. The German government has thrust war upon us. We accept the gage of battle."

Majority Leader Claude Kitchen declared he had prayed for guidance and announced he would not vote for the war resolution. He added: "War upon the part of this nation is not necessary. No national policy has been contested. The overt act is not aimed directly at us. We are asked to take the cause of the allies, right or wrong. Every obligation of justice, every obligation of right combines in forbidding my consent."

Representative Igoe of Missouri announced he would vote against war because he believed his duty to his constituents demanded it.

Representative Mason of Illinois announced: "I am against war and shall not vote." He urged members to decide according to their conscience.

"Great Britain, after the war, can pay for damage done to our commerce," said Representative Goodwin of Arkansas, "but Germany can never pay us for the human lives the kaiser has destroyed."

Representative Cooper of Wisconsin denounced the recent mobbing of a Baltimore pacifist meeting, which he described as a "protest from mothers, wives and sisters sending their husbands and brothers to be maimed, killed and blinded in a fight with a nation 4,000 miles over the seas." He declared that the administration had been far more insistent upon demands upon Germany than it had been on Great Britain. "It is not a question of property rights or human life. It is a question of neutrality," he said.

Representative Britton of Illinois, Republican, reminded Representative Harrison that the American soldiers at Valley Forge who had been praised by the Mississippian were trained by Baron Von Steuben, a Prussian drill master. "There is no enthusiasm for war," said Britton. "Seventy-five per cent of the members of this house are talking against the war resolution privately, even though they intend to vote for it."

Representative Foss of Illinois, Republican, declared the issue was the defense of American rights on the high seas and of the American flag.

Representative London, New York, Socialist, vigorously opposed the resolution. "We said the president's plan for co-operation, while President McKinley in the war with Spain called only for volunteers, showed that the president realizes the people are

against war with Germany. He said that war is indefensible.

Representative Sherwood of Ohio said he was opposed to the resolution in the form in which it permits sending troops abroad.

Former Speaker Cannon, supporting the war resolution, said this was no time for partisan discussion; that the United States is not ready for war now, but must prepare at once.

Representative Mann, the Republican leader, took the floor to support the resolution. He praised the courage of those opposing, but said there was nothing for congress to do but stand by the president.

IT'S toasted. The Burley tobacco in this delicious new Lucky Strike cigarette is toasted.

And you know how toasting does add flavor. Close your eyes and think of one crisp, brown slice of hot, buttered toast. Flavor is the word, isn't it?

This new application of an old idea has given you a new cigarette. You smokers have certainly been wanting a ready-made Burley cigarette. At first it couldn't be made; flavor didn't hold. But five years' study brought us to the toasting principle, by which we are able to hold the Burley flavor.

So now, try Lucky Strike, the real Burley cigarette; the tobacco—it's toasted. And the flavor—you'll certainly love it!
